People's Party Speakers Please Take Notice.

ENTERPRISE, Kan., July 31, 1892.

At a meeting of the state central committee, held on the 18th and 19th, it was determined that all speaking done in the state during the coming campaign would be under the management of the state committee, who will establish a lecture bureau, embracing all speakers other than candidates. All speakers in the state or elsewhere who desire to work in the coming campaign will please communicate with the undersigned at once, giving terms and particular subject which they will discuss, length of time they can devote to the campaign in Kansas, and give references as to their qualifications. JNO. W. BREIDENTHAL, Chairman.

All People's party papers of the state please copy.

## NOTICE.

To The People's Party of Kansas.

ENTERPRISE, Kan., June 22, 1892.

The state committee, at its meeting held on the 18th, decided to furnish valuable campaign matter in the form of a supplement to be sent out by all of our papers, provided they are willing to use the same.

In order to comply with the postal laws it is necessary for each supplement to contain the name of the paper, the volume, number and date of the same.

While the Republican press is making use of the mails in direct violation of the postal laws in this respect, the People's party will confine themselves to the strict letter of the law. I therefore request all People's party papers to send me at once the name of their paper, the volume, number and date of their issue for the first week in September, together with the number of supplements they will use.

Anyone desiring to know just what these supplements will contain will be given the desired information on application. JOHN W. BREIDENTHAL.

## NOTICE.

To all People's Party Editors in Kansas.

ENTERPRISE, Kansas, August 5, 1892.

GENTLEMEN:—I have had difficulty in procuring the name and address of the People's party candidates. I therefore request that you publish in your paper the name and postoffice address of each candidate in your county including candidate for legislature and state senate, giving the district for which the party is a candidate. Also keep standing the name and postoffice address of the chairman and secretary of the county central committee, and whenever a change is made in either of these positions do not fail to make the changes in your published directory. Send me marked copy of your paper. Publish once the name and postoffice address of each member of the county central committee. This should not be done until after the county nominating convention is held and new committee elected. Publish once name and address of chairman and secretary of congressional committee in your district. Send marked copy of the paper to each of the committee. If you will kindly comply with this request you will render valuable service to your committee and all members receiving your paper. Respectfully,

JOHN W. BREIDENTHAL.

At a meeting of the state central committee, held on the 18th of July, the chairman was instructed to call a meeting of the above named in each of the several

districts of the state for the purpose of discussing ways and means of conducting the coming campaign. In accordance with these instructions a meeting is hereby called at Ottawa, on Monday, August 15th, at 10 o'clock a. m. It is important that every committeeman designated above be present at this meeting. If from any cause any member cannot attend he will please send a duly authorized proxy.

A similar meeting will be held in the Fifth district at Junction City, Thursday, August 18th, at 10 o'clock a. m.

## NOTICE.

To All People's Party Committeemen. Please make no appointments for other than local speakers without consulting the chairman of state central committee as to dates. The chairman of congressional committee will arrange for candidate for congress in their respective districts.

Remember you cannot always get a particular speaker on a particular date. You must therefore be prepared to accept the speaker that is available at such time as he can be secured. Remember also that it is not possible for our candidates for president and vice president to spend more than a week in Kansas, and that naturally their meetings will be distributed over the state, and will be held in the large centers of population.

Some of our candidates for state offices will visit every county in the state during the campaign, but their appointments must be arranged systematically; they cannot jump from one corner of the state to another without inconvenience, loss of time and extra expense.

Many calls are made for Hon. Ignatius Donnelly, of Minnesota. I cannot say at this time when he can be secured, or what length of time he can spend in the state. Due notice will be given later on in regard to him. The same will apply to "Cyclone" Davis, of Texas.

Consult our list of speakers and write for dates.

The state committee is prepared to furnish "Bondholders and Breadwinners" in lots of 100 or more at wholesale prices. This document should be read by every voter in the state.

The committee can also furnish "The

## Baling Press Decision in United States Court.

We learn that in a recent decision of United States circuit court of appeals in New York city the Whitman Agricultural Company, of St. Louis, Mo., won a final victory over P. K. Dederick, of Albany, on baling press patent. This case was first tried some time ago in the United States circuit court for the northern district of New York, where the decision was against Mr. Dederick. This decision was appealed and is now affirmed by the final court. We understand this is the last of a long continued patent litigation between the above parties.

The firms of Christopher & Smith and J. P. Campbell & Co. have consolidated under the firm name of Christopher, Smith & Campbell, Kansas City, Mo., and do on exclusive consignment business in grain. We solicit your correspondence and consignments, and guarantee best market prices and prompt returns.

My horses were selected direct from the breeders of Europe, and are descendants of the most noted prize winners of the old world. I paid spot cash for all my stock and got the best at great bargains and was not obliged to take the refuse from dealers at exorbitant figures in order to obtain credit, thereby enabling me to sell better animals at better prices, longer time and a lower rate of interest than almost any other dealer in America.

I have also the most superior system of organizing companies and stock syndicates in this country, and insure satisfaction. I call especial attention to my references. By these it will be seen that I am not handling on commission the refuse horses of dealers in Europe. With me you get a square transaction, a good animal, a valid guarantee, and will compete with any firm in America on prices and terms besides.

Write me for descriptive catalogue and mention THE ADVOCATE.
